Not Approved.....	0	Average Daily Ridership 2000-01	632
High School Diplomas Regular.....	148	District Owned Operation	
Other Completions*	0		

* Certificates of Completion issued by the district

** Limited English Proficient (LEP)

Superintendent's Highlights

Bear Lake School District was able to build and complete a new addition on A.J. Winters Elementary School, our largest elementary school. The addition included a gym, addition to the media center, rest rooms, and a teacher workroom. This building was built in 1955 and the facilities were very inadequate so this new addition is appreciated very much.

Bear School District like most other districts has been concentrating on curriculum alignment and assessment procedures. We have had some curriculum alignment for many years, but nothing as extensive as we are currently doing. We have had in-service days with our goal to have a complete curriculum alignment for the entire district. It has proved to be challenging and exciting. We have completed an initial curriculum alignment for all our courses of study and next school year we will refine and implement changes as needed. We are also in the first stages of our assessment program for the district. We have been doing regular mid-semester and end of class assessment at the high school and middle school. We are getting closer to teaching the State Standards.

Bear Lake District is facing the challenge of budget cuts and we are attempting to keep our educational program in tact. We are experiencing a sharp decrease in enrollment and with the legislative hold back and budget cuts we are reducing our educational program as needed to stay within our budget.

Progress Towards Meeting District Goals

2001-02 Goals

Progress

Fully implemented curriculum alignment

Initial alignment completed.

Partially implemented initial assessment for all courses of study. We are testing mid-semester and end of course.

We are in the assessment phase of the State mandated curriculum alignment and assessment program.

As a result of a severe decrease in enrollment in the district we are doing long range planning for reducing personnel and our educational program.

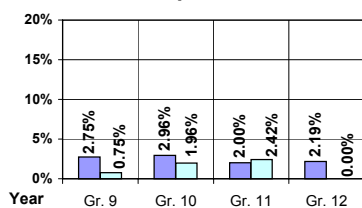

We graduated 150 seniors this spring and there are 75 kindergarten students registered. We are preparing for this decrease in enrollment.
